

Hey , It's Digvijay Rana UI/UX & Product designer Based On Ghaziabad INDIA

Scroll down

Biography

I'm a passionate and driven BTech Computer Science Engineering student with a strong interest in software development, UI/UX design, and emerging technologies. With a foundation in programming, data structures, and web development, I enjoy building efficient solutions and exploring the intersection of technology and user experience. I'm constantly learning and upskilling through hands-on projects, internships, and self-driven research. My goal is to contribute to impactful tech innovations while growing as a versatile engineer in the ever-evolving digital world.

My Services

- User Experience Design
- User Interface Design
- Usability Testing

My Location

- Ghaziabad (up) INDIA

Fresher

I am a final-year BTech Computer Science Engineering student with a strong foundation in programming, data structures, and software development. As a fresher, I have gained hands-on experience through academic projects, internships, and self-learning in areas like web development, UI/UX design, and basic machine learning. I am passionate about solving real-world problems using technology and constantly seek opportunities to learn and grow.

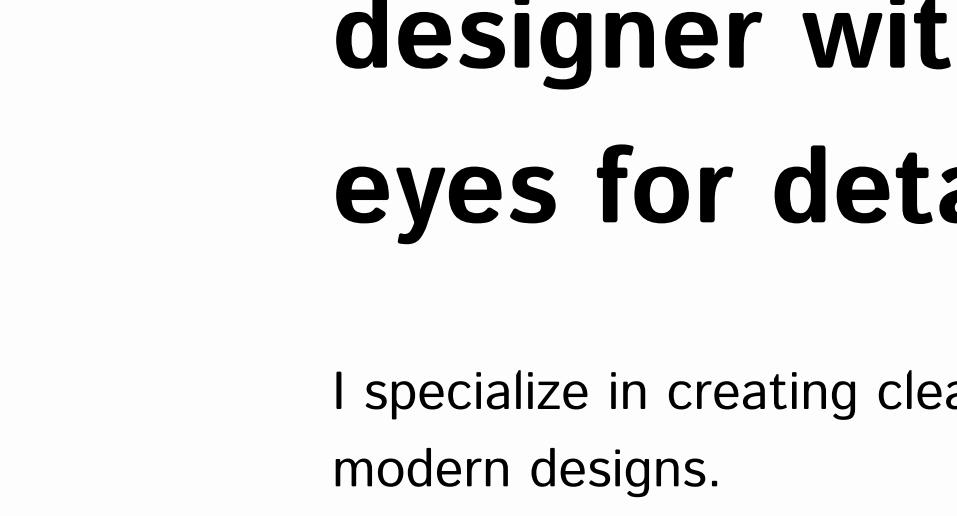

With a curious mindset and a strong work ethic, I aim to kickstart my career by contributing to innovative tech teams and building scalable digital solutions.

3+ Projects

- HOUSE-PRICE-PREDICTION-USING ML
- WEB APPLICATION-USING HTML,CSS,JAVASCRIPT,...
- UI/UX DESIGN USING FIGMA
- CERTIFICATE

My Work Process

As a BTech CSE student and fresher, I am actively building my skills through academic projects, personal learning, and design practice. I've developed small web applications, practiced UI/UX design using Figma, and strengthened my coding through platforms like LeetCode.

Do you need a designer Request a quote

Let's bring your ideas to life with clean, creative, and user-friendly design. Whether it's a website, app, or UI/UX concept
